

HILL CLIMB

Timing mats were placed at Mile 9 (Bottom of Hill) and at 10.2 (Downward side of Hill). Times are converted to seconds. Column C is the total number of seconds on the hill section. Column D is the total number of seconds for the entire HM (net time). Column E is Column C / Column D to determine a percentage. The lower the percentage, the better the runner was on the hill in relation to his total time. Column A is his/her actual place in the race.

		C	D	E
PLACE IN RACE	Name	1.2M	13.1 NET	% Time on Hill
